

Art Lesson for 10 Homes that Changed America – Design/Build a Prefabricated or Recycled Home

Planning Worksheet

Name \_\_\_\_\_

Date \_\_\_\_\_

**Directions:** With your partner, answer the following questions about your model home.

1) What will be the *program* of your model home? Describe your idea here.

---

---

2) Brainstorm a list of recycled or prefab materials that you plan to use in your model. Make sure you list things that you can bring in easily from home.

_____	_____
_____	_____
_____	_____
_____	_____
_____	_____

3) How do you imagine using each of the recycled or prefab materials? Complete the chart below. You may use more than one material for each part of the model.

Exterior (outside) walls: \_\_\_\_\_

Interior (inside) walls: \_\_\_\_\_

Windows: \_\_\_\_\_
